SQL

postgreSQL | sqLITE •

Quirks

Growth Oriented

Highly Collaborative

Ethics Driven

Fastidious

EDUCATION

2022

**Software Engineering
Immersive**

General Assembly

2015- 2020

Bachelor of Science

Macquarie University
Major in Human Biology

ABOUT ME

From coding boot camp student to Instructor Associate, I've found myself in a field that I've fallen in love with. Coding has transformed from a hobby to my passion which I'm looking forward to bring into the professional domain.

EXPERIENCE

Instructor Associate

2022

June-November

- 2 classes of 18 & 11 students
- facilitated delivery & review of course material
- achieved 100% graduation rate

March-May

- intensive 12 week course
- comp-sci fundamentals to advanced full-stack dev
- offered role on instructional team

Stock Clerk

2016-2022

- inventory management
- customer facing
- inter-departmental

PROJECTS

Retro Arcade

Games Platform

A fun exploration of game logic by recreating several classic videogames using React.

Auto-Novel

Literature Engine

A back-end heavy project that implements my own novel generation algorithm.

Crash Mob

D&D Character
Builder

Full stack app for creating and storing character sheets built with React, Rails & postgreSQL.
